The Sheffield

2,134-sq.-ft. ranch
 Plan No. 6414
 4-bedroom, 2-bath,
 2-car garage

This is a dramatic, livable, perfect-for-entertaining home with the built-in capacity to handle big families and big social occasions alike, and do both with comfort and style. The vaulted-ceiling master bedroom suite is set privately at one side of the home, and served by his and her walk-in closets, separate shower and a Roman tub, double vanities and a private commode. The breakfast nook is surrounded by bright, open windows that face out onto the covered lanai. The remaining three bedrooms are served by a full cabana bath.
